**Celebrating Earth Day 2023**

- A Tip on Caring for Our Common Home: If possible, use email and text-messaging to reduce paper consumption. If you must print a document, use double-sided printing if you can. These steps will help conserve natural resources and save money as well.
- To commemorate Earth Day (April 22), consider rereading, or reading for the first time, Pope Francis's landmark encyclical letter about our planet's environment. If you don't own a copy of "Laudato Si': On Care for Our Common Home," you can find it at <https://bit.ly/1Lh3szp>.
- Take concrete actions in the care of our common home. The Laudato Si' Action Platform offers the Church tools and resources for the journey towards total sustainability in the spirit of integral ecology. Visit their website at <https://laudatosiactionplatform.org/>.
